OBJECTIVE

Business analytics professional pursuing a Master of Science in Business Analytics at USC. Skilled at integrated collaboration, partnering with institutional clients and to solve problems and drive team performance. Bringing that same relationship-driven approach to data-informed business decisions, supported by working knowledge of SQL, Python, and data visualization tools.

EDUCATION

University of Southern California **Los Angeles, CA**
Master of Science in Business Analytics (MSBA) — Expected Graduation: December 2027
University of Southern California **Los Angeles, CA**
Bachelor of Arts, Economics, December 2021

EXPERIENCE

Brown Brothers Harriman **Boston, MA**
Senior Corporate Actions Specialist *March 2022 – February 2025*

- Processed hundreds of corporate action events weekly, including interest payments, cash dividends, and mergers, ensuring timely execution and minimal risk exposure across institutional client accounts.
- Maintained regulatory compliance and contributed to operational efficiency in a fast-paced, detail-driven environment.
- Trained new hires in corporate actions processing, regulatory requirements, and internal systems, contributing to improved operational performance.

Koeller, Nebeker, Carlson & Haluck, LLP **Irvine, CA**
Clerk *June 2021 – July 2021*

- Conducted document analysis and supported litigation strategy for large-scale clients, emphasizing risk mitigation and strategic communication.
- Developed and implemented a digital document management process, improving data retrieval and file organization efficiency, saving attorneys and paralegals 5+ hours weekly.

PROJECTS & ACHIEVEMENTS

USC Marshall Global AI Case Competition
Semifinalist — TableTogether | November 2026

- Collaborated on TableTogether, an AI-powered restaurant-matching MVP built using Lovable, incorporating group budgets, dietary preferences, and transportation needs; presented the working prototype to industry judges and advanced to the semifinals.

CERTIFICATIONS

Google Data Analytics Certificate — October 2025
